The UM-1272C is a portable Ultra Wide 8:3, 12.3-inch monitor, equipped with two full-featured Type-C and one Micro HDMI ports, compatible with a wide range of electronic devices including smartphones, laptops, PCs, Switches, XBOX, PS4, PS5 and more. Slim and lightweight design, take convenience with you no matter where you are or where you go, it can become your larger screen or matching second screen by plug and play.

Slim, Lightweight and Portable
The monitor is made of a slim panel and the weight of the entire monitor body is only 760g. It is very suitable for travel, business, outdoor gaming and anywhere you want to use an external monitor, put it in your backpack and go.

Integrated stand design
The innovative bracket design can meet the angle adjustment of 0 ° ~ 90 ° and can be used both horizontally and vertically. In addition, the display also offers a VESA 75 hole for additional brackets (not included)

Capacitive multi-touch
The capacitive multi-touch of the UM-1272C enables 10-point operation, e.g. to zoom in and out, rotate the image or use other operating tools.
